

LOVE IS IN THE STARS

THE SIGN THAT YOUR SIGN IS MOST COMPATIBLE WITH

By Tina Johnson

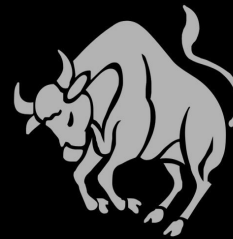

Aries

You are driven and focused so you will need a relationship that supports you in your goals and doesn't nag you about working so much. Most Compatible with: Capricorn who is just as driven as you so they admire you for it and a Sagittarius who prefers there time apart.

Taurus

You are set in your ways and a homebody. You need a relationship that doesn't require you to go out and one that doesn't push your buttons. Most Compatible with: Virgo and Scorpio. Virgos understand your need for solitude. And a Scorpio will love the one on one time.

Libra

You are charming and kind. You need a partner that will appreciate your social side and provide you with admiration. Most Compatible with: Gemini and Aries. Gemini shares your Air element and are as social as you are so they get it and an Aries appreciates those who are kind.

Scorpio

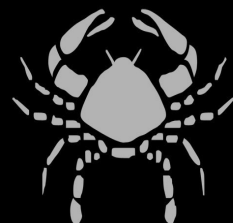

You are highly sexual and full of passion, you need a partner that will satisfy these needs and understand your sensitive side. Most Compatible: with Pisces and Taurus. Pisces will be the most sensual partner you could ask for and Taurus are very sexual and understanding of their partner's needs.

Gemini

You have a need for constant mental stimulation and despise monotony. You need a partner that can meet these criteria. Most Compatible with: Aquarius and Libra. These signs share the same Air element as Gemini and understand your need for socializing and constant change in your day to day life.

Cancer

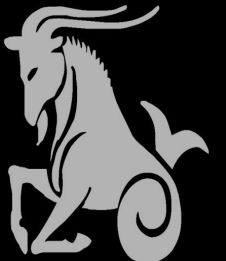

You are very sensitive and defensive but extremely caring. You need a relationship that allows you to let your guard down and not feel challenged. Most Compatible with: Pisces and Scorpio. These signs share the same Water element as Cancer and understand your emotions and they appreciate your kindness.

Sagittarius

You have a need to be free and want a partner who is adventurous and spontaneous. Most Compatible with Aries who share your fire element and understand your need to be free to do what you want and Gemini who dislikes monotony as much as you do.

Capricorn

You can be heard headed and impractical at times because you think you're always right and everyone else is an idiot. Most Compatible with Aquarians who also think the world around them is off balance and Pisces who prefer to live in a delusional fantasy land.

Leo

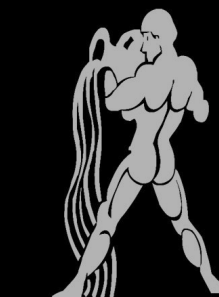

You have a need for constant praise and admiration and you need a partner that understands your desire to be center stage. Most Compatible with: Aries and Sagittarius. These signs share the same Fire element as Leo and do not get intimidated easily; they are your powerhouse and support.

Virgo

You are very analytical and set in your ways that you need a relationship with someone that isn't so defensive and sensitive. Most Compatible with: Taurus and Capricorn. These signs share the same Earth element as Virgo and are grounded and sensible; they have a deeper understanding of your needs.

Aquarius

You are unique and eccentric and want a relationship that stimulates your mind body and soul. You crave knowledge & intellect. Most Compatible with: Gemini and Capricorn. The Gemini shares your need for mental stimulation and the Capricorn is logical and makes sense to you since you're all about reasoning.

Pisces

You have a lot of love to give and appreciate a relationship that allows you to safely open your heart without fear that you will be taken advantage of. Most Compatible with: Scorpio and Cancer. These signs share the same Water element as Pisces and understand your sensitive caring nature.
